

SPECIFICATION

Range: **ARCHIMEDE**

Design: **Caimi Lab**

Codes: 5203-GA, 5203-BO, 5213-GA, 5213-BO, 5223-GA, 5223-BO, 5233/3-GA, 5233/3-BO, 5241/3-GA, 5241/3-BO, 5243/3-GA, 5243/3-BO, 5245/3-GA, 5245/3-BO, 5260-GA, 5260-BO, 5262, 5265-GA, 5265-BO, 5267-GA, 5268-BO, 5290, 5292, 5293, 5294, 5295, 5282-GA, 5282-BO, 5047-GA, 5047-BO, 5048-GA, 5248-BO, 5178, 4990/4-N, 4990/4-GM, 4990/4-BO

Description: modular partition screen system with a range of accessories that can be assembled to create straight or curved dividers at 15°, 30° and 45°.

UPRIGHTS

Codes: **5203-GA, 5203-BO, 5213-GA, 5213-BO, 5223-GA, 5223-BO**

Dimension: H 163 cm

Description: uprights made of square 30 x 30 mm, 1.5 mm thick tube, with holes and seats on one or more sides, to insert crossbars and panels. Painted with matt white or silver grey epoxy-powder coating.

5203-GA, 5203-BO
upright 1-way

FEET AND BASES

Code: **5290**

Dimension: H 2,5 cm

Description: single foot made in grey high-tech polymer with a zinc-plated steel insert and an adjustable jointed foot in grey high-tech polymer and zinc-plated steel. The foot comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

Code: **5292**

Dimension: H 15,5 cm

Description: single foot made in polished cast aluminium, with adjustable jointed grey high-tech polymer and steel foot and two high-tech polymer adapters to couple the base to the upright. The foot comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

Code: **5293**

Dimension: H 15,5 cm - P 53 cm

Description: double base made in polished cast aluminium, with two adjustable jointed grey high-tech polymer and steel feet and two high-tech polymer adapters to couple the base to the upright. The base comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

Code: **5295**

Dimension: H 15,5 cm (height include foot code 5292 or base code 5293)

Description: floor anchorage for foot code 5292 and base code 5293, made entirely in satin finish steel with two countersunk ø 6 mm holes for floor fastening.

Code: **4994/4-N, 4994/4-GM, 4990/4-BO**

Dimension: H 5 cm

Description: set of 4 swivel casters, two with brakes and two without for base code 5293, made in black, white or metal grey high-tech polymer and steel. To be used only with: uprights H 163 cm, crossbars code 5233 and base code 5293.

Code: **5294**

Dimension: H 15,5 cm - P 53 cm

Description: flat double base made in polished cast aluminium, with two high-tech polymer adapters to couple the base to the upright.

The base comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

PANELS

Codes: **5260-GA, 5260-BO**

Dimension: 77 cm - H 77 cm

Description: pair of panels in 0.8 mm thick matt white or silver grey epoxy-powder coated micro-perforated steel sheet.

5260-GA, 5260-BO

Codes: **5265-GA, 5265-BO**

Dimension: 77 cm - H 77 cm

Description: pair of panels in 0.8 mm thick matt white or silver grey epoxy-powder coated embossed steel sheet.

5265-GA, 5265-BO

Codes: **5267-GA**

Dimension: 77 cm - H 77 cm

Description: pair of panels in 0.8 mm thick silver grey epoxy-powder coated steel sheet perforated with an arabesque pattern.

5267-GA

Codes: **5268-BO**

Dimension: 77 cm - H 77 cm

Description: pair of panels in 0.8 mm thick silver grey epoxy-powder coated steel sheet perforated with a flower pattern.

5267-BO

Code: **5262**

Dimension: 77 cm - H 77 cm

Description: pair of 2 mm thick transparent polycarbonate panels.

Fire resistance class 1

5262

Codes: **5282-GA, 5282-BO**

Description: pair of wall-mounting fittings, each consisting of a matt white or silver-grey epoxy-powder coated steel bracket folded to an L-shape with two holes for wall fastening, connected by a steel M10 screw to the steel and grey high-tech polymer insert that is placed inside the uprights

5282-GA, 5282-BO

Codes: **5048-GA, 5048-BO**

Description: set of 4 supports, 2 tension rods and 2 x 4 m cables to assemble the “Koala” communication systems. The 4 supports hook onto the top and bottom rails and are made of matt white or silver-grey epoxy-powder coated steel, each with a seat for the spherical head of the tension rods in chrome-plated metal which are, in turn, connected by 4 steel screws (two for the bottom element and two for the top element) to the flexible steel cable, fitted with a security lead seal on the terminal. Maximum capacity - 3 kg per side for the linear module (77 cm) with bases codes 5293, 5294.

**5048-GA
5048-BO**

Codes: **5047-GA, 5047-BO**

Description: set of 4 supports and 4 x 4 m cables to hold pictures. The 4 supports hook onto the top rail and are made of matt white or silver-grey epoxy-powder coated steel, each with a seat for the chrome-plated metal spherical head of the end support which is connected by 2 steel screws to the flexible steel cable, fitted with a security lead seal on the end. Maximum capacity - 3 kg per side for the linear module (77 cm) with bases codes 5293, 5294.

5047-GA, 5047-BO

Code: **5178**

Description: pair of picture hanging hooks (for code 5047) made in chrome-plated metal; they are inserted in the cables (code 5047) and have a cable coupling lock system. Maximum capacity - 3 kg per side for the linear module (77 cm) with bases codes 5293, 5294.
