CONTRACT

NOVA

BANCONE
BAR COUNTER

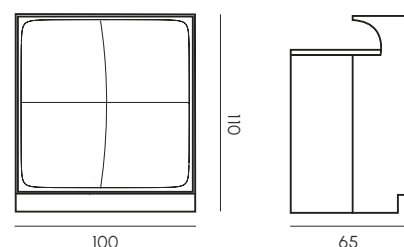

Design minimale con fronte convesso, perfetto per ogni ambiente, facilmente componibile grazie ai moduli lineari e angolare. I fianchi richiudibili del modulo lineare, insieme alla possibilità di agganciare il piano ad essi, riducono l'ingombro e semplificano trasporto, montaggio e stoccaggio. L'intero bancone è realizzato in Poleasy, evoluzione del polietilene, non poroso e facilmente pulibile, garantendo lunga durata e manutenzione semplice. Ideale per locali, hotel, ristoranti, bar ed eventi. Disponibile in versione luminosa, basic o con finitura velluto. Compatibile con accessori professionali come cocktail station e speed rack in ABS, per performance elevate anche in contesti dinamici.

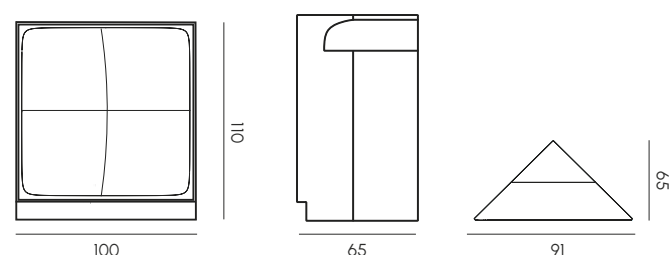

Minimal design with a convex front, perfect for any environment, easily configurable thanks to the linear and corner modules. The foldable sides of the linear module, combined with the ability to attach the top to them, reduce bulk and simplify transport, assembly, and storage. The entire bar is made of Poleasy, an evolution of polyethylene, non-porous and easy to clean, ensuring long-lasting durability and low maintenance. Ideal for bars, hotels, restaurants, and events. Available in luminous, basic, or velvet finish. Compatible with professional accessories such as cocktail stations and ABS speed racks, for high performance even in dynamic environments.

NOVA BAR

Nova Bar si distingue per un design minimale, ammorbidito nella parte frontale convessa, che ne alleggerisce la presenza visiva e ne conferisce un'eleganza sobria e contemporanea. Questa leggerezza formale lo rende un elemento estremamente versatile, capace di integrarsi armoniosamente in qualsiasi ambiente. Il suo punto di forza risiede nei fianchi richiudibili che sostengono il piano in polietilene nel modulo lineare: una soluzione progettuale che permette di agganciare il piano direttamente alla struttura, facilitando il trasporto, ottimizzando lo spazio e migliorandone la maneggevolezza. Caratteristiche ideali per il settore contract e per gli eventi. Nova Bancone si adatta perfettamente a contesti come locali, hotel, ristoranti, bar ed eventi, grazie anche alla disponibilità in diverse varianti estetiche: la versione luminosa, che aggiunge un tocco scenografico, la versione basic priva di illuminazione e la finitura velluto, che ne trasforma completamente l'aspetto rendendolo più caldo e raffinato. Il modulo lineare può essere completato con accessori professionali, come la cocktail station e lo speed rack in ABS, offrendo così prestazioni elevate anche nei contesti più dinamici e operativi.

Nova Bar stands out for its minimalist design, softened by a convex front that lightens its visual presence and gives it a sober, contemporary elegance. This formal lightness makes it an extremely versatile element, capable of blending harmoniously into any environment. Its strength lies in the foldable sides that support the polyethylene top in the linear module: a design solution that allows the top to be attached directly to the structure, facilitating transport, optimising space and improving manoeuvrability. Ideal features for the contract sector and events. Nova Bancone is perfectly suited to contexts such as clubs, hotels, restaurants, bars and events, thanks also to the availability of different aesthetic variants: the illuminated version, which adds a dramatic touch, the basic version without lighting and the velvet finish, which completely transforms its appearance, making it warmer and more refined. The linear module can be completed with professional accessories, such as the cocktail station and speed rack in ABS, thus offering high performance even in the most dynamic and operational contexts.
