IT

Non si tratta di un semplice portavasi in tecnopolimero, ma di un sistema modulare e versatile. Ruotandolo, può trasformarsi in sgabello, mentre aggiungendo pochi elementi aggiuntivi può diventare tavolino, gettacarte o portaombrelli. Una soluzione funzionale e creativa, ideale per arredare con stile e flessibilità spazi interni ed esterni.

Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

EN

Not just a straightforward plant pot made from high-tech polymer, but a modular and versatile system. Turned upside down it becomes a stool, while the addition of a few extra elements can transform it into a side table, wastepaper bin or umbrella stand. A functional and creative solution, perfect for furnishing indoor and outdoor spaces with style and flexibility.

Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

FR

Raffles System n'est pas un simple porte-plantes en technopolymère, mais un système modulaire et polyvalent. En le retournant, il peut se transformer en tabouret. En ajoutant quelques éléments complémentaires, il devient table d'appoint, corbeille à papier ou porte-parapluies. Une solution fonctionnelle et créative, idéale pour aménager avec style et flexibilité les espaces intérieurs et extérieurs.

Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

DE

Mehr als ein bloßer Pflanzbehälter aus Technopolymer: ein modulares, vielseitiges System. Das umgedrehte Element verwandelt sich in eine Sitzgelegenheit, durch die Hinzufügung weniger weiterer Elemente kann es zum Tisch, Papierkorb oder Schirmständer werden. Die praktische und kreative Lösung ermöglicht die stilvolle und flexible Gestaltung von Innen- und Außenbereichen.

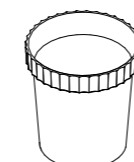

Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

ES

No se trata de un simple macetero de tecnopolímero, sino de un sistema modular y versátil. Al darle la vuelta, se transforma en un taburete, y, añadiendo pocos elementos adicionales, puede convertirse en una mesita, una papelerera o un paraguero. Es una solución funcional y creativa, ideal para decorar espacios interiores y exteriores con estilo y flexibilidad.

Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

IT
Raffles System è un sistema modulare e versatile. L'elemento base, può svolgere diverse funzioni: gettacarte, portavasi o, ruotandolo, sgabello. Aggiungendo top asportabili in tecnopolimero può trasformarsi in tavolino o gettacarte, mentre l'inserimento di una griglia in acciaio asportabile lo trasforma in portaombrelli. Una soluzione funzionale e creativa, ideale per arredare gli spazi con stile e flessibilità.
Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

EN
Raffles System stands out for its modularity and versatility. The base element can perform different functions: wastepaper bin, plant pot or, by turning it upside down, a stool. The addition of removable tops in high-tech polymer can transform it into a side table or wastepaper bin, while the insertion of a removable steel grille turns it into an umbrella stand. A functional and creative solution, perfect for furnishing spaces with style and flexibility.
Designed by Halaimia, Bettinelli, El Fanniche, Roverolo and Sughair students of Raffles Milano. Design concept by Luigi Baroli.

FR
Raffles System est un système modulaire et polyvalent. L'élément de base peut remplir différentes fonctions : corbeille à papier, porte-plantes ou, une fois retourné, tabouret. L'ajout de plateaux amovibles en technopolymère permet de le transformer en table d'appoint ou en corbeille, tandis que l'insertion d'une grille amovible en acier le convertit en porte-parapluies. Une solution fonctionnelle et créative, idéale pour aménager les espaces avec style et flexibilité.

DE
Raffles System ist ein vielseitiges Baukastensystem. Das Baseelement kann etliche Funktionen übernehmen: Papierkorb, Pflanzbehälter oder Hocker. Durch die Hinzufügung von abnehmbaren Deckplatten aus Technopolymer kann es sich in einen Tisch oder Papierkorb verwandeln, während es mit dem Einsatz eines Stahlgitters zum Schirmständer wird. Die praktische und kreative Lösung ermöglicht die stilvolle und flexible Gestaltung eines jeden Ambientes.
