Snowsound Art

I Snowsound Art è un progetto di Caimi che ha come obiettivo un viaggio alla scoperta di nuove strade per far dialogare ARTE e DESIGN. Un modo di vedere l'arte, non solo come una creazione unica, non ripetibile, ma come una "bellezza" riproducibile su oggetti seriali. L'arte non solo da contemplare, l'arte da fruire. Nel 2020 due opere di Gillo Dorfles sono entrate a far parte della collezione permanente di Arte e Design del Quirinale (Residenza del Presidente della Repubblica Italiana).

EN Snowsound Art is a Caimi project that aims to be a journey of discovery, looking for new ways to bring ART and DESIGN together. A way of interpreting art not just as a unique creation that can't be repeated, but as a form of beauty that can be reproduced on serial objects. Art isn't just to be contemplated. It is to be enjoyed as well. In 2020, two designs by Gillo Dorfles were added to the permanent Art and Design collection at the Italian President's official residence in Rome, the Quirinale Palace.

F Snowsound Art est un projet de Caimi proposant un voyage à la découverte de nouvelles voies pour établir un dialogue entre l'ART et le DESIGN. Une manière de voir l'art non seulement comme une création unique, non répétable, mais comme une "beauté" reproductible sur des objets en série. L'art non seulement destiné à être contemplé, mais à être utilisé. En 2020 deux œuvres de Gillo Dorfles ont intégré la collection permanente de Art et Design du Quirinal (la résidence du Président de la République italienne).

D Snowsound Art ist ein Projekt von Caimi als Entdeckungsreise auf der Suche nach neuen Wegen mit dem Ziel, Kunst und Design zusammenzuführen. Dabei wird Kunst nicht nur als einmalige, unwiederholbare Schöpfung betrachtet, sondern als "Schönheit", die auf einer Reihe von Produkten reproduzierbar wird. Eine Kunst, die nicht nur bestaunt werden, sondern auch genutzt werden kann. Im Jahr 2020 wurden zwei Werke von Gillo Dorfles in die ständige Sammlung für Kunst und Design des Quirinale (Residenz des Präsidenten der Italienischen Republik) aufgenommen.

E Snowsound Art es un proyecto de Caimi: un viaje que permite explorar nuevos caminos que compaginan ARTE y DISEÑO. Una forma de concebir el arte que no solo es una creación única e irrepitable, sino también una "belleza" replicable en objetos en serie. Un arte que se admira al tiempo que se disfruta. En 2020 dos obras de Gillo Dorfles entraron a formar parte de la colección permanente de Arte y Diseño del Palacio del Quirinale (la residencia del Presidente de la República Italiana).
