Description: mobile coat rail with hat rack on casters. The two sides and two lower connecting bars are made from 22 mm diameter black epoxy powder-coated steel tubes. The two lower bars are fastened to the sides using 8 x M6 screws. The hat rack is made of epoxy powder-coated steel 10 mm diameter rods welded to the two upper 22 mm diameter tube crossbars and fixed to the two sides by tapered coupling fixtures. The two bases are made from black epoxy powder-coated steel with inserts to mount the 4 black high-tech polymer castors. The two coat hanger rails are made of elliptic-shaped 15 x 30 mm chromed steel tubes and are attached to the sides with M6 screws. The two rails are each equipped with 6 element 2-seat hangers for a total of 12 elements made in black polycarbonate, each fitted with a knob and a hook for a total of 24 seats.
